

DESCRIPTION: SK-150 is a liquid foam cleaner. It is a foaming product and can be used in a wide variety of applications. SK-150 should be diluted with water for use. Dilution rates will vary. SK-150 is not flammable.

SK-150 is a general purpose cleaner: this product may be used to clean food processing equipment through a foamer, pressure washer or hand scrubbing.

FOR INDUSTRIAL USE ONLY

CAUTION: Keep out of reach of children. Avoid getting in eyes. In case of contact, flush thoroughly with water. If irritation persists, see a doctor.

StartKleen

SK- 150

ALWAYS READ LABEL AND CONSULT SDS
BEFORE USE.

USAGE: Use as low as ¼ ounce per gallon up to 4 ounces per gallon. Usage rates vary with type and degree of soil.

Consult a **StartKleen** representative for exact usage and concentrations in your plant.

In food processing plants, always rinse with potable water after use.
