

DESCRIPTION: **SK -259** is a chlorinated alkaline CIP cleaner for cleaning in food processing plants.

DANGER: Contains caustic potash and Bleach. DO NOT mix with acids. Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Wear all PPE including gloves and goggles when handling. Avoid contamination of food. Remove and wash contaminated clothing.

Do not Use **SK-259** on aluminum or other soft metals.

STATEMENT OF PRACTICAL TREATMENT:
In case of contact, immediately flush skin or eyes with cool water for at least 15 minutes. For eyes, call a physician. If swallowed, drink milk, egg whites, gelatin solution, or if these are not available drink large quantities of water. Call a physician.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

FOR INDUSTRIAL USE ONLY

CAUTION:

Keep out of reach of children. Avoid getting in eyes. In case of contact, flush thoroughly with water. If irritation occurs, see a doctor.
